

EnCompass Iowa Joins Level Platforms Partner Council for MSPs

Leading MSPs to provide strategic insight to future direction of Managed Workplace

December 2009 – Cedar Rapids – EnCompass Iowa today announced that it has accepted Level Platform's invitation to participate as a member of the Level Platforms Partner Council. The council is made up of up to 50 Partners who work with the Level Platforms' management team to help guide the joint success of Level Platforms and their Partners. Active subcommittees deal with issues common to a specific customer focus. The full council meets semi-annually to discuss Level Platforms' strategic direction, provide formal input to and feedback on product and Partner initiatives and hear updates from the council's subcommittees. Council members are selected based on their demonstrated innovation and market leadership as well as their commitment to work with the broad MSP community to shape the future of Managed Workplace and the Level Platforms Partner Program.

"We are honored to have an organization with the depth of experience and demonstrated success of EnCompass Iowa participating on the Partner Council" said Dan Wensley Vice President Partner Development at Level Platforms. "EnCompass Iowa has already been actively working informally with our partner and product teams and we welcome the opportunity to formalize this relationship for our mutual benefit and more importantly, for the benefit of our thousands of Partners that will benefit from the work of the Partner Council."
